

ENDS AND TRENDS WITH KIM AND KAREN

Karen's Trend Alert: Fashion isn't the only thing that experiences trends that come and go. One of the hot trends in interior design is the Greek key pattern. It looks like a decorative border consisting of right angles in a repeated pattern.

There's no way to miss this style! Designers love the sleek and clean lines of this geometric pattern. Overall, it gives a modern and chic feel.

So if you're looking to incorporate it into your home, no need to look very far. Greek key is showing up on everything from pillows and duvet covers to curtains and rugs. And remember, a little bit goes a long way!
